

GT PRODUCT LINE END OF LIFE ANNOUNCEMENT

Dear Customer,

Date: November 2nd, 2015

Schneider Electric is discontinuing the production of its 600V DC product line GT250-480/600 and GT500-480/600. You are receiving this letter because you have purchased one or more of these products in the last 36 months.

We would like to offer you the opportunity to make a last time buy. The last date to order these products is as mentioned in Table 1. Orders will be filled on a first-come basis. Due to limited component availability, we are not able to guarantee that all orders will be accepted. Accepted orders will have a minimum lead time of 12 weeks which may extend depending on production schedule.

Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s)

Table 2 lists the product(s) part numbers affected by this announcement.

Customers with active warranties, extended warranties and service contracts for the GT250-480/600 and GT500-480/600 inverters will continue to receive service and support from Schneider Electric through till the validity of the contract.

We apologize for any inconvenience this product end-of-life may cause you. With our wide product selection we are confident we can solve your existing and future application needs. For more information about transitioning your existing application(s), please visit our website at <http://solar.schneider-electric.com/>
